Philip

Thanks for this.

Have Rydon put in their EoT yet – can I see a copy please?

thanks

Claire,

Attached is Rydon’s programme. Please distribute to your CoW and others in your team. As agreed at our team meeting last week I propose to issue an extension of time for 7 weeks until 23rd Oct 2015 so the time is locked down and agreed whilst we negotiate on the cost and prelim responsibility for the 7 weeks.

Regarding the drainage I will pass on your comments to my KALC colleague but the proper communication route is from TMO to RBKC to BYUK. I have no power or influence over the KALC contract. I know you know this already.

Kind regards

Philip

Hi both

Just 2 things today:

- 1 PROGRAMME: has the Rydon programme been ratified, are they sending thro the electronic versions? Our CoW for building works needs to be started, so I would like to have your thoughts on this in relation to the programme now.
- 2 DRAINAGE: I heard via RBKC today that Vernon has been told by Bouygues they are not doing remedial drainage works as it is not on their land. I believe Vernon is meeting your Artelia colleagues tomorrow – so can you please press the point re the fact we have paid for 2 x drain pump outs and 2 x fly infestation to date. Please keep me up to date on this, as I do not want Bouygues to leave site and the TMO still have no drainage.

Thanks

Claire Williams
Project Manager
