Dear Philip

Ref; Grenfell Tower Project - KCTMO

Further to receipt of the Invitation to Tender for the Grenfell Tower Project, and following much deliberation within our business, I regret to inform you that on this occasion we are unable to submit a tender for this project.

This decision has not been taken lightly however, due to an unforeseen amount of project wins, our Specialist High Rise Site Delivery Team resources will now need to be directed towards other projects.

We would not therefore wish to put ourselves in a position where we could not adequately resource such a high profile project to suitably attain only the highest level of quality, co-ordination and consistency of delivery that we would demand of ourselves for so important a customer.

Please accept my sincere apologies for any inconvenience that this may have caused and we wish you every success with this project.

We trust that our decision to decline this opportunity will not preclude us from tendering for other projects for KCTMO.

Yours Sincerely

Steve Busbey

Senior Design Manager

Wates Living Space London & S.E.
