Attachments: Grenfell Tower Summary report V1 PCb.docx

Paul,

Please see my comments to your report ahead of your meeting with Peter this afternoon.

I have left my alterations in track changes so you can easily see them and if you are happy with them accept them all.

1. I have adjusted the wording on the Nursery and Boxing club to make it easier to understand
2. I don't have a cost estimate for cold water system alteration at present (Leadbitter subcontractor has been given add / omit from Max Fordham for pricing. As soon as I have this I will forward on.) At this time it would be good to know from TMO if lack of stored cold water is even something you wish to consider regardless of the saving achieved.
3. I have checked the costs again with Chweechen on the lift and bridge and split these out for you. The bridge is a provisional sum as we have no idea of what this bridge might need to be until options are discussed with planners.
4. The final saving is the crown (reducing the height of the cladding)
5. I have checked the total cost saving if omit all options and adjusted accordingly.
6. Chweechen has reviewed the additional cost assumptions included within your report and they seem reasonable at this time.

Hope this helps.

Kind regards

Philip

Thank you Philip.

My meeting with Peter is at 14.00pm so hopeful could have something by then.

Once again thank you for your assistance.

Paul,

I have reviewed your report and am just checking the addition figures included with Chweechen. I am just going into meetings for most of the day but during a coffee break I hope to get our full comments back to you today – hope that is ok?

Kind regards

Philip

Chweechen,

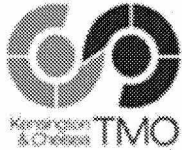

Please check my report attached as some VE cost don't seem to be correct.

Also please separate cost for new lift, access bridge, and crown

Thank you
