Mary ,

Is the GSOP £1000?

Regards

Evening Charlie

I am responding to the e-mail you sent Pat Kelly due to his annual leave.

With reference to your first point on compensation, all gas users will be entitled to the maximum Guaranteed Standard of Services Compensation of £1500.

Please accept my apologies for not receiving any firm information from tRlIO to date on either a restoration or buy-out proposal. The decision on whether a buy-out is a viable solution rests with myself on behalf of National Grid, based on cost of replacement vs compensation to gas users. Is there any information you could share on confirmed gas users within the building to expedite this option.

At the very latest, I expect a design proposal to be presented for approval (National Grid) by Friday this week, please feel free to contact me by e-mail or phone for further updates or information.

Kind Regards

Mary
