Hi Graham

Thanks for the email.

2.30 on the 19th works well for me.

Look forward to seeing you then.

Regards
Paul

Hi Rob, good to hear from you.

A meeting in our Milton Keynes office on the afternoon of Tuesday 19th May 2015 would be fine, could we aim for a 2.30 start?

Steve Evans and John Lewis from NHBC Building Control Services and Dave White and myself from NHBC Standards will attend.

Address details will be sent under separate cover.

I look forward to meeting you, Paul and Debbie on the 19th May and in the interim please let me know if you require further information.

Regards

Graham Perrior

Subject: Letter of 21st April on above 18m

Graham

Thank you for sending your letter dated 21st April on 'The use of combustible materials within the external wall construction of buildings above 18m in height'.

The update was most welcome on an area that is clearly a challenging one for us all when it comes to testing, interpretation and compliance. As we discussed at our meeting at Vinci, Celotex are keen to understand the compliance requirements of NHBC and, in light of your letter, we would like to meet with you, Dave White and any other relevant people to ensure that we are aware of any factors that we should consider as we continue product development and support of RS5000.

Paul Evans, Debbie Berger and I would like to meet you at your offices. We have three potential days when we are free:

Tuesday 19th May (all day)

Wednesday 20th May (from 3pm)

Friday 22nd May (from 1pm)

I hope that one of the above is suitable and look forward to meeting with all soon.

Best Regards,

Rob
