Registered Details FACT SHEET

RD Certificate Number: EW491

Celotex Ltd - Celotex RS5000 Insulation Board (Rain screen application)

Description

This is an assessment of a PIR insulation board by Celotex designed for use within rain screen construction. RS5000 is a textured aluminium foil faced PIR board that comes in thicknesses of between 50mm and 150mm and goes through the same manufacturing process as the Celotex FR5000 product, the difference being it has been assessed by the BRE and complies with BR135 for use in rain screen applications above 18 metres in height subject to the board being fixed to a non-combustible substrate *see conditions of certificate for more information.

Scope of Registration

Due to space limitations, the Registered Detail certificate should be consulted for the full scope of this registration.

Validity

This system has been checked for compliance in accordance with English and Welsh Building Regulations.

Registration was first issued on 05/03/14 and is valid until 21/08/17 providing there are no amendments to applicable regulations.

Issue dated 19/08/2016
