Subject: FW: Classification report for the cladding.

Hi

I'm going to set up a meeting with Steve Howard early next week to talk about how to detail our BRE RS5000 fire report so as it gives the relevant commercial info without the sensitive stuff. He's got some ideas that could help us.

Would you like to come to this meeting. I would value your input.

If so will you give me access to your diary so I can schedule a meeting?

Thanks Jon

Subject: Classification report for the cladding.

We had a conversation a while ago regarding the content of the classification reports and the level of technical detail they contained (we need to put a lot of info in, but you don't want your competitors to see it).

We have come up with a way of doing it.

So if this is of interest, can you remind me of what you were hoping to achieve (sorry it has been a while) and I will see if we can do it.

Regards

Stephen Howard
