Subject: tests

Debbie,

I will ask for a copy of our confidentiality policy to be sent to you.

In addition to the BS 8414 test report, would it be possible to send us a report of your product being tested following EN 13823 (SBI test) behind a steel sheet?

This would be part of a classification following EN 13501-1 and help us to determine if your product would show any fire spread in such a configuration.

Thanks,

Kind regards,

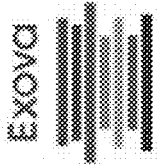

Frans

This quotation is valid for a period of one month from the date of issue. A copy of our terms and conditions can be accessed by clicking [here](#) and please note our standard payment terms of 30 days from date of invoice.

The quotation is based upon the information provided and the specific scope/changes requested. Should additional work be required, or further evidence be submitted for consideration this will incur additional charges, and may result in delays to the process.
