Geof,

Nice to meet you today at the Baseline offices to review the Grenfell Tower Project with Gareth and myself. As discussed please find attached all necessary details for CEP Architectural to produce a design, manufacture and supply price along with installation costs from your approved installer Highrise Solutions.

Due to the size of the attachments I will send this in 2 emails.

If there are any details that have been missed please do give Gareth or myself a call and we will forward as soon as possible.

Again as mentioned too aid our report next week an initial budget figure would be very handy early next week with a further more detailed quote to follow.

If you can please in your final submission also provide us with programme details to enable us to review our plan of works.

Kind regards

Leadbitter
