Marcus

Further to our discussions at the CFOA/DRC round table please find attached a Draft paper for the BRAC Part B Working party.

The format of these things is fairly standard. Short and punchy with a clear proposal. The working party can then discuss its contents and give us a steer as to how to implement the proposals into the draft Approved Document which then goes out for public consultation .

The paper has to be ready by the end of this week (Friday 20 Aug) so I need your comments by Thursday at the latest.

Please note that this paper and any proposals within it are confidential at this stage.

Regards
Brian

ib2004 - the intelligent buildings event
A 2 day conference and exhibition at BRE 23 and 24 September 2004
