Hi Janice

As far as I know the requirements for a fire fighting lift/evacuation lift did not change in the March 2010 edition of Building Regs, next time I am in the Hub could we sit down with Robin as he might have different information than me. Does he have copies of the information he is taking about he could forward to me?

Carl

As recently discussed ,standards on fire fighting /evacuation lifts ,which are not retrospect have become a lot clearer over the last year ,none of the TMO lifts are fire fighting or evacuation lifts .  
The tmo stock do have some of the requirements ,but the cost to meet the recommended standards would prevent us upgrading our lifts .
