C

Main entrance on Grenfell Tower has been relocated to the 1st floor (deck access level) - photo attached. Presume we need to review the FRA – can you progress please

Janice

This is for the duration of the works, as new flats, the nursery and boxing club can then be worked on without Rydon going into areas used by tenants.

I attach the photo of the new entrance from inside the building.

Thanks Claire – I think it does trigger a new FRA. Is this the permanent entry point or is this just in the short –term?

Do you know that the entrance has now moved up to the walkway. I think I said to you that the fire brigade (2 watches) had been there to familiarise themselves with this.

Does this trigger a new FRA?

Thanks
