As far as I know that is correct.

Grenfell was clad but the cladding complied with the requirements of the Building Regulations, lots of questions asked of Rydons and answers received back from them.

Carl

My understanding is that we do not have any blocks with external cladding of this nature. Are you able to confirm please?

I need to write back to the Director of Housing and I think you are probably best placed to advise me on the construction of our blocks

Please advise

Thanks

Janice
