Claire has asked Rydons to investigate the current state of the ventilation & extraction system at Grenfell and Claire has set up a meeting to discuss and see whether it is necessary to instigate any interim measures in advance of the system being replaced. It is to be promptly at 9am on Tuesday (16th Sept) here at the Hub - would you be able to attend

Please advise

Thanks

J

Janice

I just invited you to the smoke vents session, Rydon have been working with their contractor JS Wright and I have asked them, and they are looking at all sort of interim issues to see if they can get anything up and working - even if the whole lot won't be 100%.

We may need to put together a management strategy in the interim. Do you want to invite Carl to the meeting on Tuesday am? It is before our 10am site meeting, so we will have to keep good time.

Thanks
