Carl

I was down at Grenfell this am, and Rydon's are working on the FRA (physically working), not just responding to your report.

You had asked me about the AOV specification, which I understand in the Grenfell tender was for Rydon to move it from a) to b) within the tower. This has been with Alex Bosman to get resolved with his new electrical/service contractors, and I prompted him again this week.

SPECIFICATION: The specification is all online. I have no hard copies. I have spoken to Artelia, who are our contract administrator, and they have told me that it should be accessible, so here is the link <https://sevintranet.appleyards.co.uk/bu/PPM/projects/grenfell/External%20Shared%20Docs/Forms/AllItems.aspx>

If you have any problem with this, please let me know, and I can get it up on my pc at the Hub!
