[RFI Form 001.docx](#)

Hi Terry

I am working on the Grenfell Tower regeneration project from the Studio E end. The following RFI has come in relating to horizontal fire breaks within the cladding areas.

Can you comment on the RFI attached and whether you believe this interpretation in relation to stack effect is correct?

Regards
Neil

Simon,

Please find attached RFI001 which relates to the requirement of firebreaks. This may be something that has already been decided, or may need confirmation from the local fire officer, as the opinion tends to vary.

Kind Regards

Daniel Anketell-Jones
