Morning Tundae,

Thank you for meeting with us yesterday.

In relation to your email below, prior to the meeting I had advised you that myself and my line manager would be willing to meet with you to discuss your concerns regarding Grenfell Tower. At no point did you request for a senior manager to attend the meeting.

As discussed during the meeting, the best course of action would be for your Leaseholder's Association, to either email or post across all the relevant information, so we can therefore present this to our Senior Managers and Legal Team. I will also forward copies to the owner of 206 Grenfell Tower for them to browse and make their decision on the best course of action for themselves.

Due to the Data Protection Act, I cannot provide you with the contact details of the owner of 206 Grenfell Tower. I would also prefer that all communication is done between myself, my line manager (Sam Gray) and your Association. Once we have presented your correspondence to our Senior Managers, should they wish to become more involved in your cause, then I can forward the relevant names and contact details of either the Senior Managers or Managing Director.

Many thanks and best wishes

Liam Allison

Dear Liam,

Thank you very much to see us today at your office with Mr Sam Gray at 10am and it was much appreciated.

I was expecting your senior manager to attend the meeting because as you have noticed we had lots of information for the past three years has directly impacted on Notting Hill housing trust like individual leaseholders.

Thank you to confirm your leasehold interest like individual leaseholders at Grenfell Tower the Flat no-142 & flat -86. You have also confirmed that flat-206 is privately own but you are renting on behalf of the individual leaseholder.

I shall be very grateful if you could email me the contact name and email address of your managing director also the name and contact detail of the flat-206.

It is important for us every body come on board and sign our constitution to protect our common and collective leasehold interest and 9 members has already sign the constitution and made a contribution to run the GTLA three years ago and we held regular meeting apart from the Notting hill Trust.

As discussed and demonstrated in the meeting there is a regeneration project undertaken by the KCTMO at Grenfell Tower so its best interest of Notting housing trust as a charitable organisation to join the GTLA to protect the common interest.

I wait to hear from you

Regards

Tunde Awoderu

The Vice chairman

The Grenfell Tower Leaseholder's association

Notting Hill exists to provide good quality homes for those who could not otherwise afford them
