Dear Millicent Williams,  
I hope this email find you well.  
It appears that your letter dated 15<sup>th</sup> August 2016, only days ago in relation to Dumped Rubbish has little or no effect whatsoever.  
Please find attached picture and concrete proof who has dumped the rubbish and as you may aware of the fact that this poses serious fire hazard and risk in the building as well.  
Your urgent action is necessary.  
Best wishes  
Shah
