Subject:

Dear Mr Bosman,

I am writing to you under legislation contained in the Freedom of Information Act 2006 that your organisation has previously stated and acknowledged that it is subject to.

Please can you provide me, within twenty working days, with any copies of information held by the KCTMO on the following subject:

Any written correspondence, minutes of meetings, email contents, records of telephone conversations, details of informal conversations etc between the KCTMO and National Grid concerning the gas supply to Grenfell Tower since September 1st 2016.

Any internal information held by the TMO concerning the gas supply at Grenfell Tower. To clarify this latter point, I am requesting that the TMO provide me with any written correspondence, minutes of meetings, email contents, records of telephone conversations, details of informal conversations, etc between staff members employed by the KCTMO that, in any way, relate to the gas supply at Grenfell Tower since 1st September 2016.

Any contents of written communication, minutes of meetings, emails, record of telephone conversations between the TMO and any external organisations or companies concerning the gas supply to Grenfell Tower since 1st September 2016.

Within the response to my FoI request, I would expect to be provided with information pertaining to the incident that led to the Grenfell Tower gas supply being turned off to a number of flats on 30th September 2016, information as to why the gas leak had occurred, information held by the TMO as to how they responded to the report of the gas leak and evidence of the subsequent action that the TMO took to respond to the gas being turned off to KCTMO tenants and leaseholders in Grenfell Tower.

I would also expect to be provided with any information that relates to the suggestion that residents of Grenfell Tower will be required to switch from gas cookers to electric cookers in the future.

I am not limiting the information that I am requesting to the points mentioned above but expect that your response to my FoI will include information relating to all these subjects.

Thank you for your assistance with this matter,

Regards,

William Thompson
