Dear Mr. Daffarn,

Attached are the documents I have received in relation to your request of 10th September.

If there is information not included in the attached which you believe exist then please let me know and I will look into this.

A couple of your questions are too wide and require refining:

Copies of any other documentation, reports, meeting minutes, emails, or any correspondence which relate directly or indirectly to the electrical and power surge issues at Grenfell Tower.

Any other documentation, reports, emails, or correspondence which may be relevant to this power surge issue in any way whatsoever.

As I advised you in a previous request, there are time limits under the legislation and it will be difficult to locate all emails/correspondence which relate directly or indirectly to the power surge issues. Are there specific officers or departments you wish to see emails from for example? If you could think about what you specifically want to find out then that might help.

I am out of office now until Wednesday, please feel free to contact me then if you wish to discuss.

Yours sincerely

Robin Yu
