Dear All

Please see drawings showing finalised dry riser positions & pipe routes (previously issued 6/11/15)

**Please could you send any comments by 5pm Friday 27<sup>th</sup> November?** This is because the specialist contractor order needs to be sent straight after the weekend to achieve programme dates

If we don't hear by then then, we will assume there's no adverse comments and proceed

Many thanks

Dave

Jason / Dave,

As discussed yesterday, the dry riser drawings have been issued to the consultant, I've received no comments.

Please let us know if we are to proceed or if you wish to seek approval off the architect / client first?

Kind regards,

Dave Bradbury
