Hi David,

Just to check if there has been any further movement on this issue (see below). We in the BRE Centre for Fire Safety Engineering at Edinburgh Uni are keen to undertake additional work in this area, and to support industry going forward.

Happy to discuss as always.

Best wishes,  
Luke

Hi Luke

Sorry for the delay in getting back to you.

Progress has been very slow I'm afraid. We are definitely going to looking at this in more detail when the time allows (hopefully sooner rather than later) and will keep you informed of any further meetings/papers etc.

Kind regards

David

Dear David,

I wonder if there has been any forward motion with the CWCT Fire Group since the meeting in London on 2nd July 2014 (which I attended, see below)?  
I understand that many of the issues discussed at the meeting continue to cause concern, and I wondered if any further discussion was planned through CWCT.

Best wishes,  
Luke
