**Subject:** FW: Grenfell Tower- Ongoing concerns!

Hi Daniel,

I've received another email from the resident at Grenfell Tower. Are you aware of his new concerns? He does like to forward a lot of concerns on to us which in the past either crews have been familiar with or Janice Wray has already dealt with. I'm not too concerned at this stage, but I will again make Janice Wray aware of the latest complaint.

Ben

**Subject:** Re: Grenfell Tower- Ongoing concerns!

Dear Ben,

I am very sorry to trouble you again and I hope that you can understand that my reason for doing so is entirely genuine.

A number of residents of Grenfell Tower are very concerned at the fact that the new improvement works to Grenfell Tower have turned our building into a fire trap.

There is only one entry and exit to the tower block itself and, in the event of a fire, the LFB could only gain access to the entrance to the building by climbing four flights of narrow stairs.

On top of this the fire escape exit on the walkway level has now been sealed.

Residents of Grenfell Tower do not have any confidence that our building has been satisfactorily assessed to cope with the new improvement works and we are seeking a meeting with the Chief Fire Officer from Kensington Fire Station so that these concerns can be addressed.

Thank you for your continued assistance with this matter.

Kind regards,

Edward Daffarn
