

**EXERCISE PENFOLD – kick off at approx. 1400hrs**

- Load incident on **Training server** prior to start of exercise.
- Begin Incident Description with **EXERCISE** followed by Inc Type **A1HR**

ADDRESS: Flat 41 7<sup>th</sup> floor (additional field) **LEXHAM HOUSE, SAINT MARGARETS, BARKING –**

- Initial attendance will be : F431 F432 F441 (WM)
- After approx. 1 min send message stating MULTIPLE CALLS and mobilise CU3 and SM (Keeley Foster) OF54 On Pager state Multiple Calls and EXERCISE PENFOLD ordered as SM. **Check for SMs callsign**

**Live RT channel** FLONOPS10 – Will be easier to show all resources status 6 so that the ordering goes to the RT Operator.

- Once first FSG comes in, mobilise CU1/F411(WM)/SM RICKARD E35
- Running order of resources will be:

**F411 (WM) (AS FSG UNLESS 4PF RECEIVED FIRST)**

**F412 (AS 4PF UNLESS 4PF SENT BEFORE FSG)**

F451

F421

F422

A271

**Running order of Officers:**

**SM FOSTER OF54 –Goes on multiple calls / Tell GM LINDRIDGE E113.**

**SM RICKARD E35 – Goes on as FSG SM (Along with CU1 & F411 (Unless F411 goes as 4PF if make up comes in first))**

SM HARDING F31 – Goes on 6PF – GM LINDRIDGE E113 MOBILISED / INFORM DAC PEREZ G6

**SM TOVEY F46 – Goes on 8PF – DAC PEREZ MOB G6 – INF AC MILLS F4**

**SM NEWMAN F26 / SM LAMB F21– Goes on 10PF / MOB 2<sup>ND</sup> GM FENTON F108**

**SM MCCLLENAGHAN F41 – Goes on 12PF**

**X 2 FRUS when EDBA requested = F446/A276**

**Mobilise PAs as and when incident made up – confirm if too soon (allow time for travelling as if real).**

- Contact LB Barking on number allocated to address and request LALO (Local Authority Liaison Officer) prefix with EXERCISE PENFOLD – this will be a request from scene.
- **Vic in attendance** – [REDACTED]

**Staff required (based on callers on scene of incident)**

3 call takers and 1 RT operator.

1 facilitator for mobilising and Officers to respond to.

2 SUPs to assist with FSG

(4/5 Control staff and 3 OST staff should cover the numbers)

Brief staff i.e. state **EXERCISE** before all RT messages/pager messages  
Explain the FSG calls.

Info given so far:

1<sup>st</sup> FSG will be two floors above the first call on the 9<sup>th</sup> floor. Fire will be in the bedroom of that flat, caller at the end of the corridor in their lounge.

2<sup>nd</sup> FSG will be on the 9<sup>th</sup> floor also. This flat has a security gate but the caller will not offer this as information to the Brigade. If they do offer this information, it is **NOT** to be passed to the incident. The crews will discover it and have to go away to get their cutting gear. Caller is in the lounge at the end of the corridor in their flat but the whole flat is smoke logged.

3<sup>rd</sup> FSG calls will be in a flat on the 10<sup>th</sup> floor and will be above the fire but with much smoke logging.

4<sup>th</sup> FSG will be provided by injects, no call will be received. This will be a family of four trapped in a flat on the 3<sup>rd</sup> floor with fire in that flat also. This inject will be dynamically managed and may involve losing contact with the pretend caller. The 4<sup>th</sup> FSG will be a fatal. .

Heli-tele will be available – police helicopter will circle building and provide information to LFB crews, so trapped callers should appear at windows or wave items out of the windows.

Windows of block can be opened.
