3	The knowledge profile and e-Learning is stored on LMS. The Level 2 Trainer Guides, Facilitator Guides and course content are stored on SharePoint. Incident simulations (exercises) and XVR course imagery are stored on XVR computer system only accessible at the Beckton and Harrow incident command training suite or on dedicated XVR laptops held by the incident command team		This tab contains the list of incident command training materials held on the LMS for Level 2 - Station and Group Manager		This tab contains the training materials for the Level 2 development course cross-referenced against the required indicators.

5			Tab 4. TFCSTG		Tab 5. Knowledge Profile	
6			This tab contains the training materials for the Level 2 Group Manager course cross-referenced against the required indicators.		The knowledge profile contains LFB Policy for incident command and is available to delegates via the LMS. This tab itemises the key policy documents cross-referenced against the required indicators.
