Name or Title of Policy/Project and Reference Number (if available):		
Revalidation of Incident Command: Implementation project		
Purpose of Policy/Project:		
This project will deliver the implementation of a process for the revalidation of incident command within LFB that will provide organisational assurance that officers are performing incident command at the required level. It will also provide a an auditable trail of incident command practice and development, and encourages continuous improvement through the uptake of professional development opportunities.		
What are the potentially negative impacts or benefits against the 6 areas of LFB's sustainability framework?		Have any opportunities for improvement or reducing negative impacts been identified?
Equalities and Social Inclusion	None	None
Climate Change	None	None
Environment & Its Resources	None	None
Community Safety	None	None
Health, Safety & Wellbeing	Risk reduction - This process introduces an additional control measure for CRR1, and would be expected to reduce the likelihood of this corporate risk occurring.	Operational Competency - Introduction of a process to assure the competency of incident commanders, and to actively encourage the uptake of associated development opportunities, improving the skill of commanders and improving incident command performance. This will ultimately provide organisational assurance that command performance is at the required level, and will reduce the risk of CRR1 occurring.
Economic Sustainability	None	None
What evidence or information has helped to indicate what the potential impacts will be? Did you seek any further advice or guidance from any internal or external sources, and if so how have they contributed?		
CFOA report "The Future of Incident Command" National Operational Guidance for Incident Command		
How will any changes be implemented?		
Changes associated with the revalidation process will be implemented through a cross-directorate implementation working group, ensuring that all potential negative or positive impacts are fully considered prior to a change being introduced.		
Is a Procurement to take place as part of the policy/project?		
No
