Hi Natasha & Andy  
Re Mrs G Amin 12 Lacland House  
Tel [REDACTED] h [REDACTED]  
Above phone to advise that the door which was installed last month has developed a fault. The hinges are loose; some screws have not been fitted; the metal bar at the bottom of the door is loose; the door does not close shut and stops half way. I have asked can it wait till tomorrow and [REDACTED] Amin confirms that it can but can it be prioritised.  
Regards
