Hi John,

I've tried calling but not having much luck. Could you give me a call when you can please.

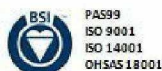

I need to talk to you about the proposed smoke vent system at Grenfell Tower. If we can meet on site next Wednesday that would be ideal, alternatively if that's not convenient please let me know and we can hopefully arrange an alternative time or I could come to your offices?

The main objective of meeting up, is to go through the proposed smoke ventilation system, ensuring everyone is happy with the proposed system.

Kind regards,

Dave Bradbury
Senior Design Engineer
