Edward

You should Fol the Council because they published the full report in Part B. The Council is accountable under Fol but as you found out last time you tried to Fol the TMO, they are not designated as a public body.

I suspect the TMO Board will agree to publish it in full because they got a very clear steer from the Council to do so.

Dear Ms Jevans,

I am writing to you using my rights under the Freedom of Information Act to request that the TMO provide me with a copy of the report that was produced in response to a petition by Grenfell Tower residents and that you presented to the RBKC Scrutiny Committee on Wednesday 11th May.

You presented this report as Part B of the Scrutiny Committee, thereby, denying residents of Grenfell Tower the opportunity to hear what the TMO's response was to the serious allegations that we had presented to the Scrutiny Committee in January 2016.

Your success in getting the report read in secret and with the public gallery cleared does not reflect well on an organisation that is supposed to care about it's tenants.

Please can you provide me with the complete report and include all the contents of Part A as well as Part B that were submitted before the Scrutiny Committee?

Please can you also include any emails or other correspondence that exists between TMO staff or between TMO staff and RBKC officers that in any way relates to the aforementioned TMO report on Grenfell Tower?

Regards,
Edward Daffarn

Dear Ms Jevans,

I hope you had a nice Christmas and New Year.

Thank you for visiting my flat just prior to the holidays and for listening to some of my concerns regarding the relationship between residents on Lancaster West and the TMO.

If you are really serious in your offer to sit down with members of the Grenfell Tower Resident Association in order to work together to improve these relationships then I would be happy to speak to other Lead Representatives with a view of setting up a meeting early in the New Year?

However, to save everyone's time, please do not agree to meeting with us unless your motives are entirely genuine and you are willing to use your power within the TMO to instigate positive change for our community.

I can assure you that most residents are totally fed up with with the ill treatment and lack of meaningful resident involvement we are subjected to by the TMO and would be willing to work to find an alternative way forward.

I shall look forward to hearing from you in the near future.

Regards,

Edward Daffarn
