Dear David

Thank you for your quick response. I don't think there is any immediate urgency. I want to have viewed more flats which residents have chosen and demonstrate the problems reported to the Housing & Property Scrutiny Committee (H&PSC) before any Working Group of Councillors is formed and meets, and I doubt this will happen before April. Judith and I will keep pushing for the group to be formed of course and as soon as possible - the next H&PSC is 9th March.

I think a weekend visit is probably best in order for residents to be at home but I'm afraid I can't do this weekend. I am back in London from the 26th February and can make myself available any weekend in March if that suits you. So please let me know what suits you and residents and I'll be there.

Thanks again for arranging this.

Best Wishes

Monica

Dear Monica,

It would be very good to meet with you, and to visit some flats together.

How urgent is it for you to visit? I only ask because my diary means I am going to be away from home a lot in the coming month. That said, there are some dates I could meet. We had a meeting of our residents association last night, and hopefully Turufat will be able to join us on your visit too.

Some dates it could work to show you around:

- This coming Saturday or Sunday (Turufat could you do this time?)
- Monday 8th daytime (but this would just be with myself as Turufat is busy)
- Wed 17th AM (Turufat, are you at work?)
- Sat 20th or Sunday 21st (again, Turufat are you available?)

After that it may be March before I could do anything.

Once we have a date and time set up I will look to arrange some flats for us to visit, based on the records I kept when we knocked some doors in November I may be able to identify some good flats to visit.

Best Wishes,

David

Dear David,

I am so sorry I didn't get back to you before now. I have the 5th in my diary but have literally been out all day and evenings since the 18th and completely forgot to get back to you. My apologies I am still very interested in doing a second visit to Grenfell Tower if this is still convenient.

I would like to visit a couple of the flats which would illustrate the kind of problems and dangers outlined in the submission made to the Scrutiny Committee re the problems of boilers being placed in the halls etc. There were no problems with the placement or the finish in the 2 flats we were shown and no danger to children from sharp corners in the hall.

If the 5th is still OK I can call you tomorrow if you let me have a number. My mobile is [REDACTED]

Again my apologies

Kind Regards

Hi Monica,

I am available on the 5th February. Would you be able to talk by phone in the next week, so that I can better understand who you would like to meet, etc?

David

Dear David,

Thanks very much for offering to meet with me and arrange that I can visit more residents and flats at Grenfell Tower.

I am available Thurs 4th and Friday 5th February for a visit anytime of the day, but could also do that weekend if preferred.

I look forward to hearing from you.

All the best
