Great piece Robert, I had no idea that the conditions at the tower were so dreadful, good story. Thanks for this.

All best

Dear Geoff,
I hope this suits ?

Have you decided if you are going to cover the referendum ? Nic Paget Brown is Agin (but many of his members are for) and of course I am For

I have not seen if you have used a picture of me yet . But if you can take off the background would this one work ?
