Dear Judith,

Thank you for your email. I will be scheduling a meeting with TMO for after next week. I will be pleased for you to attend and will therefore let you know when meeting is arranged.

Dear Betty

I have heard from the TMO that they will be sending someone round to discuss your concerns about the HIU in the hallway. I would suggest that you make an appointment to see them when only you have someone with you to ensure that you are not pressured in any way. If They suggest a date and time, maybe let me know and I will see if I can attend - if you wish it, of course. Don't agree to an appointment without checking that someone can be with you first.

Kind regards.
