Dear David,

Thanks very much for offering to meet with me and arrange that I can visit more residents and flats at Grenfell Tower.

I am available Thurs 4th and Friday 5th February for a visit anytime of the day, but could also do that weekend if preferred.

I look forward to hearing from you.

All the best

Monica Press
Councillor: Colville Ward.

That would be great. I will give Monica your details and then leave it to her to liaise with you. Marcio or Turufat would be excellent choices, maybe Turufat as she might find it easier to liaise with the many women who were at home during the works.

Yes, I would be happy to meet with her and to visit some residents with her.

Maybe we can set it up so I can do that with Marcio or Turufat, who are also lead reps.

Edward unfortunately was rather unpleasant to my colleague Cllr Monica Press as she was leaving the scrutiny visit to the Tower.

What she suggests is that she meets up with one or two of you and visits some of the residents who have and are experiencing problems to get a more balanced picture of what is and has been happening. For example, the HIU hallway installation in the one bedroomed flat that was shown to the scrutiny team only protruded by about one inch; whereas the one I saw in Betty's flat sticks out significantly. Apparently the "tame" residents of the two bedroomed flat they saw were a bit more assertive about the problems they had experienced.

I suggested Monica contacted you rather than Eddie if you wish to take up this offer, so can you let me know? I can certainly suggest some residents that she should visit as I am sure you can too. The purpose of this is that Monica will probably be the Labour Group rep on the scrutiny working group when it is set up.

Kind regards.

Judith

Dear Victoria,

You are right about the need to continue to press. Please could you ask the members of the housing & property scrutiny committee to take the problems of Grenfell Tower residents seriously, and to investigate them. My experience of the committee was that some members considered there may be some serious problems, but others (the Chair included) did not act or respond like they truly believed or heard what we had to report. Please could you take the opportunities you have to speak personally when around Hornton Street, and to share your experience of hearing first hand from a few residents. The Chair promised to set up a working group to look in to the project, but no timescale was given. Your intervention could make all the difference to the timing and seriousness of the scrutiny which takes place.

Thank you,

David

Dear Mr Collins,

John has passed this to me. Thank you for keeping us up to date with it - we must obviously continue to press for ongoing improvements for you all.

Kind regards,

Dear John,

Please could you ensure Victoria is aware of the speech which Edward Daffarn gave to the Housing & Property Scrutiny Committee this week, on behalf of Grenfell Tower residents and the Grenfell Tower residents association.

Lead Representatives of the Grenfell Tower RA will be meeting next week, and we will be back in touch with you shortly after that.

Best Wishes,

David Collins

On behalf of the Grenfell Tower RA
