Dear Judith,

Thank you for this and for sending through the matrix earlier today.

I, personally, do not think that the GTRA should be supporting or contributing to a survey that is being led and run by the TMO. Especially, as the TMO have not been honest about the way they are putting the questions of the survey together and their false claims to have involved the GTRA in this process.

Think David, myself and other lead Reps need to have a think and chat on this one.

If we provide questions it will legitimise the TMO survey and, we know, people cannot be trusted to give their true answers to the same people who are alleged to have abused them.

Surely, we need an independent survey and investigation?

Kind regards,

Edward

FYI. Maybe you should let us have your suggestions for questions for us to pass on - and I can think of several myself!

Judith

Hello

I know Peter Maddison has been dealing with the resident satisfaction surveys, and I am aware that you personally have given some ideas on questions for the final resident survey.

I am copying him into this email for his return to his desk next week.

Regards

Claire Williams

Dear Ms. Williams

Many thanks.

A little while ago you said that you were consulting with the Grenfell Compact about suitable questions for the final survey of all of the residents of the Tower. To date no one has been consulted and I would be grateful if you can let me know when this will happen.

Many thanks.

Cllr Judith Blakeman

Dear Councillors

I attach for your information the May newsletter, which was hand delivered to the building last week.

It was good to see you at the boxing club opening event recently, you will see a photo on page 2 taken at the event.

I note that the nursery have moved back into the building this week, and plan to open for business next week, after the half term break.

I understand that all but 2 of the flats are allocated.

The work now outstanding is on the environmentals/external landscaping.

We are getting to the end of the project, so I anticipate perhaps only one last newsletter.

Please let me know if you have any comments or queries.

Claire Williams
Project Manager
