Subject: rebate enquiry

Dear Cllr blakeman my name is danny griffin I live at 31,grenfell tower,i have e mailed you before with concern's regarding the work;s that have been going on in the block,however I now find my-self having to contact yourself again in regard;s to a rebate I should have received from the tmo.i think most of the resident;s in Grenfell tower have been charged more than they should have been for heating and hot water,i live in a one bedroom flat so for my flat I was owed a total of

[REDACTED] this was paid into my rent account on the 10/03/16.we then had the chance to leave this money in our rent account or have a payment paid in to our personal account;s I chose to have mine paid into my own a ccount,i [REDACTED] on the 17/03 16 I signed a letter asking for the remainder to be paid into my account I was told it may take up to eight week;s to complete that was fine.on Thursday of this week I spoke to dion wilk;s she now inform's me that the management are going to keep one month,s rent out what I am entitled too,there is know were in the rent agreement that we have to have a month,s rent in advance [REDACTED] but they do not want to give me my own money back,i really belive this is unlawfull and that the tmo can not just alter agreement,s when it suit,s themselves a.fter all this money was taken wrongfully in the first place, would you please see if I have a valid case to get all of the remaining money back

many thanks dan griffin
