Eddie. Judith and I are due to meet tomorrow at 930am. Do you want to join us? I'm just home from being away (since I saw you last Friday in fact!). David

Dear Judith,

I shall try and come to your surgery with David at the weekend (if he is around) and we can discuss a way forward with the matrix then.

Referring back to your email concerning the TMO report on Grenfell Tower, I really like the list of learning experiences that should have been gained by the TMO and should be used to guide further resident engagement in future projects.

It would be a fantastic result if we could get the TMO to accept these lessons and agree to use the model you proposed as a guide for going forward. It could be called the ~Grenfell Lesson~ or something similar.

David and I need to contact Cllr Feiding Mellen to set up a date for a meeting and we would like to invite you to that meeting when it takes place.

Kind regards,

Edward

Subject: Outstanding Issues Matrix

With apologies for the delay in letting you have this, due to the elections, I attach a draft Outstanding Issues Matrix from the Compact meeting on 2 May.

It is not complete as I don't have notes for everything that was discussed. Can you please let me know what has been omitted and/or misunderstood?

Kind regards

Judith
