I will do the fire problem at Grenfell and also the idling vehicles in Grenfell Road by Barandon Walk because they are both TMO. Do you want me also o do Tia's drug dealers too as that is TMO as well?

Subject: Surreal Visit from Eddie (134)

1/ Eddie just dropped by to collect his original papers that he gave you for his Ombudsman complaint. (I can put them through his letterbox if you wish). He was weirdly polite and friendly_ called me. 'Robert 'even . Luckily Lena was here chatting about the rubbish showers and so I could look busy.

2/ Edddie also told me something strange which is at the same time amusing and worrying . He said that last Sunday afternoon the fire alarm went off in the Tower which triggered the extractor fans throughout the block. The TMO have told him subsequently that it was caused by someone smoking on the stairway (I find this hard to believe). Anyway apparently when the alarm sounds it cuts off the heating throughout the Tower (very strange) Eddie went to investigate and met a heating engineer who had been summoned automatically to come to reset the boilers. However the alarm is (according to Eddie) NOT connected to the fire brigade . So the heating engineer turned up way before the fire brigade !!! Eddie says that the fire arrangements throughout the Tower are 'pants ' *nd wants the councillors "to do something "
Could you take it up urgently with the TMO ? (Or do you want me to ??) He says that he has a residents meeting Tuesday and wants to report to them "that the Councillors are onto it "

3/ I will leaflet Grenville before coming to you to canvas @ 3pm today. And will do the Henry Dickens Towers before canvassing Sunday . Cllr. Mo. says that he will come out with us if we let him know .

When I see you today can I have the £50 cheque for the buttonholes _ I am skint and need to give Mushtaq £100 donation at his dinner on Monday .

4/ Talking of Mushtaq , I am going to e mail Beinazir to ask how she is but mainly to remind her that she still has surgery duties .

Regards Lonely Robert
