flattery will get you a long way . I am pleased to come on Wednesday and I believe that Cllr Lasharie will be able to join us too .

I have noted the time . Can you remind me again of the venue please

Regards

Robert A

Hi Robert,

It would be most useful if you could chair / facilitate a conversation between TMO/ Rydon and the Compact members around some of the agenda issues (Eddie will forward you). You do not need to worry about chairing the whole meeting, as you have your boisterous grandson, and Eddie, Willie and Hanan will do so between them. We think having you as an independent party in the conversation will help aid its progress and outcomes.

David

Happy to do so. Do you want me to chair next Wednesday ? (this might be something of a challenge as i will probably have my grandson with me -The boisterous one) but if you want me to chair in the future i will leave grandsons at home !

Dear Cllr Atkinson,

Thank you very much for meeting with Grenfell Tower residents last weekend, and for taking note of their concerns. Thank you also for getting back to my colleague Edward Daffarn, and agreeing to chase up the 12 agenda items which were raised.

We would also like to thank you for agreeing to attend our Grenfell Tower residents meeting at 645pm on Wednesday 7th October. And we would like to ask you for something more! Members of the Grenfell Tower residents association believe it would be most productive if you would consider agreeing to facilitate / chair the conversations around issues between residents and the TMO / Rydon. We believe this would help us get to the best outcomes in the most professional manner we can.

Please could you reply to let me know if this is acceptable, or give me a call if easier? We will send you an agenda and list of specific items prior to the meeting, which we could discuss in advance if needed. If it does not work for you to take this on, that is ok too, as we can always lead the conversation ourselves.

Best Wishes,

David Collins
