David

Attached. I don't know if you got any response from Rock F-M? Please do pass to the Chair of Trellick Tower, that will be helpful as the ward councillors are snowed under with stuff. I can amend it as required.

Hope your new home is quieter! I spotted you with your son during half term from my perch in the gym.

Best wishes

Judith

Judith,

1. Do you have a surgery this Saturday?
2. Could you send me the document/email you sent to the Golbourne ward councillors? I know the Chairman of the Trellick Tower RA (he and his partner lived in 185 Grenfell before I moved in, and I have known them both for over 10 years). I can share the email/document with him.
3. I have moved house! [REDACTED] It is quite different here. Thank you with all the help and support you gave whilst I was involved with Grenfell Tower, and representing the residents there. We could not have done what we did as easily as it was with you (it wasn't easy, but it was near impossible before we met and you supported us). Thank you for continuing to support the residents of GT, and also the residents in other TMO controlled properties.

David

Dear Edward

For your information, I have sent the Grenfell Pathway to the Golborne ward councillors to assist with the imminent refurbishment works at Trellick Tower (not as comprehensive as at Grenfell, but likely to cause disruption). I shall also be sending it to ward councillors and residents associations as and when other refurbishments are being proposed.

Kind regards,

Judith
