Dear David

I have had a meeting with the TMO at senior level and we have agreed that the TMO will recognise a properly constituted Compact for Grenfell Tower residents. If this can happen, then the TMO will work with the Compact, ward councillors and Cllr Borwick MP to take issues at the Tower forward on a collective basis. I also made the point, which they accepted, that they should engage with you rather than your landlord, since you are a resident of the Tower – and the whole point of resident engagement is that it applies to people who actually live on the TMO estates. So hopefully that is another hurdle overcome.

I hope you find this helpful and that the residents can organise a representative Compact to address any further problems at Grenfell Tower. (I also made the point that residents need some sort of "reward" at the end of the project, given that they have not only suffered the construction of the Academy, the demolition and reconstruction of the Leisure Centre but also massively intrusive refurbishment works on site that have not been handled as well as they could have been.)

Kind regards.

Judith

Dear Stephen,

We are writing to you seeking help and support to set up a Compact Residents' Association for Grenfell Tower, following the recommendation we do so from our newly elected MP Lady Victoria Borwick.

A group of residents from Grenfell Tower have been meeting on a weekly basis for a period of around six months. We have formed a positive community voice, and we wish to carry this forward in to the future.

Please could one of your team attend one of our Wednesday evening residents meetings, to help us form in to a well organised Compact RA?

Thank you and Best Wishes,

David Collins
