Subject: FW: Working relationship with GTLA

Dear Mark,

Please can you copy me into the response on this. Something to update us on at Hidden Homes next week too. I believe the appointment of your Project Manager for Grenfell is imminent?

Regards - Jane

Subject: Working relationship with GTLA

Dear Mr Black,

Further to your email dated 1st February 2012, where you expressed your intention to develop a working relationship with the Grenfell Tower Leaseholder Association. I, on behalf of GTLA welcomed this in the email sent to Councillor Coleridge dated 4th March 2012.

I shall be very grateful if you could instruct Mr Alasdair Manson the assistant director of neighbourhood management and the Architect to engage and organise a meeting with us to discuss the recent investment plan and design of Grenfell Tower and the surrounding area which the council agreed upon without further delay.

We welcome the investment and the improvement plan for Grenfell Tower and the council's acknowledgment that the noise, pollution, inconveniences the residents of Grenfell Tower would directly suffer during the building of the new academy and the leisure centre.

I wait to hear from you soon.

Best wishes

Mr Tunde Awoderu

Vice Chairman
