

We, the under-signed residents of Grenfell Tower, ask the Chairman of the Housing and Property Scrutiny Committee to undertake an urgent scrutiny of the TMO and Rydon's management of the refurbishment project currently underway at Grenfell Tower. Time and again residents' views have been ignored or down played. Despite interventions from our MP Victoria Borwick and our ward councillors, our day-to-day concerns are belittled and sidelined. While we recognise that, once completed, the Tower will – at long last – be fit for the 21st Century, during this process we have had to endure living conditions that at times have been intolerable. We understand that the Council will be commencing a major programme of regeneration throughout the borough and that this may involve refurbishment rather than demolition of some other tower blocks. In view of this, it is vital that all the lessons from the Grenfell Tower project are learned, so that the terrible daily living conditions inflicted upon us for so long are not replicated elsewhere. As a part of this investigation, the residents of Grenfell Tower ask that their views and experiences be canvassed and included in the scrutiny report.
