Robert,

I don't think it's moving to the Mayor but I'm not entirely sighted on what's happening on this, Brian Castle used to go to the borough/LFB liaison meetings for London Council's but he's retired and we haven't got a new rep.

I think you're right they are unaccountable and hard if not impossible to challenge as they make unilateral statements which are non-negotiable.

However on the bright side this has now been signed off which is very welcome.

What was the motivation behind Cllr Mason's

Laura

For information.

Somewhere it might be good to meet to look at how we respond to the Fire Brigade as I think we are being driven down a road by a group which seems to be unaccountable. Is the overall responsibility for this moving to the Mayor? Might give us and LA Political Leaders to influence this area more.

Hope your well

Robert
