Subject: RE: Stakeholders Meeting with KCTMO & RBKC ref: Grenfell Tower

Dear Mr Awoderu

I am more than willing to attend the meeting that Ms Williams has suggested as the first step to discuss your issues. Of the dates she has suggested, I am available on Wednesday 22 March – AM or PM.

It would probably be sensible also to invite someone from the Grenfell Compact and the Lancaster West Residents' Association if they are free.

Kind regards

Cllr Judith Blakeman

PS some people on your wider e-mail list are no longer in post - and Cllr. Atkinson's e-mail address is cllr.atkinson@rbkc.gov.uk

Subject: Fw: Stakeholders Meeting with KCTMO & RBKC ref: Grenfell Tower

Dear Cllr Judith Blakeman,

This is to inform you that, you as our local senior councillor for many years, we the Grenfell Tower leaseholders tried to involved and notified and shared every issues and concerns we had either with the council or the KCTMO regardless of your involvement and contribution.

When we send an email to the wider audiences and vast members of the recipients, we think that, you have failed to notice that there are 129 families at Grenfell Towers and in average there are 3 or 4 peoples in the families and that

main 129X4=516 peoples in the building. So we are practising democracy NOT trying to get any favouritism from any particular individual.

Please bear in mind" truth has no agenda".

Please find forwarded email to you along with Notting dale councillors as you were the recipient of this email as well.

Could you please kindly confirm your comments, opinions as a TMO's board members in relation to the forwarded email?

We understand it may be difficult for you for fact that you are NOT the residents of Grenfell Tower but local councillor with vast local knowledge.

Please find extract email you have sent to me dated 16th February 2017 and copied to 44 others that you are dealing with issues with the involvement of the KCTMO but unfortunately we have not seen any tangible evidences whatsoever.

Would you go to bed knowing your building is unsafe and fire risk hazard?

"Dear Mr Awoderu

The Notting Dale councillors are dealing with this, along with everyone else involved at the TMO.

Kind regards

Cllr Judith Blakeman"

We wait hear from you urgently.

Best Wishes

Tunde Awoderu

The Vice chair of Grenfell Leaseholders association.

Subject: Re: Stakeholders Meeting with KCTMO & RBKC ref: Grenfell Tower

Dear Millicent Williams,

Thank you for your email and taking notes of the contents.

Let me categorically confirm that to you and the leaderships of the KCTMO and also I am referring to my earlier email dated 7th March 2017, this attached exposed gas pipe throughout the building has put our life in danger and we don't feel secure in the building anymore.

The leaderships of the KCTMO **MUST** find immediate remedy to the serious concerns and secure the building by tonight.

If you feel we are overstating our claim of "Health and safety", concerns we request the KCTMO to invite the independent adjudicator to investigate the gas pipe immediately.

Again the extract from our earlier email dated 7th March 2017 for the information and convenience of the recipients of this email.

"Could you please kindly provide us the proof or evidences that anywhere at RBKC or in London or in the United Kingdom that gas pipe line exposed such a manner and installed beside the staircase(only fire escape) where there is no air can escape whatsoever. And more importantly the staircase of Grenfell Tower is the main breeding ground and where the vandalism and antisocial are daily occurrences. This newly installed exposed gas pipe line is easy target of vandalism and one incident can have serious catastrophic consequence for the whole building.

Could you please kindly provide us the health and safety certificate authorised that the KCTMO or the National Grid that they obtained permission before installing the gas pipe going through the entire staircases of the Building?"

Please read comments send to us from one of the resident of this building:

"I'm absolutely shocked by the dodgy work and the risk to the building. I walked up the communal stairs tonight and I'm surprised that there is not even protection. If there was a gas leak on one of those pipes and someone was smoking that would be the end of the building"

This is quite scary and not truth but **fact** of the matter and sometime "hardest things to find in this world something is in front of us".

We demand that the KCTMO must made this building secure and give assurance that the building is secure by tonight before everybody goes to bed.

We wait to hear from you and the leaderships of the KCTMO not in due course but **NOW**.

Best wishes

Tunde Awoderu

Subject: Re: Stakeholders Meeting with KCTMO & RBKC ref: Grenfell Tower

Dear Millicent Williams,

Thank you for your prompt reply and you are the first person at the KCTMO met their own 10 days reply policy.

Further to our telephone conversation 14th March 2017 and let me re-iterate to you again, I have clearly requested to you and as well as made it absolutely clear to my earlier email dated 13th March 2017 that all the stakeholders and the head of the KCTMO and the Cabinet member of Housing Cllr Rock Feilding Mellen **MUST** attend the meeting, and you have agreed to do so. What happened after that?

There is no disrespect to you or Nicola Bartholomew the new team leader of Latimer office of the KCTMO BUT; we believe that having a meeting dealing with our genuine issues and concerns for Grenfell Tower **without** Leadership of the KCTMO and our Landlord neither constructive nor fruitful.

This is to inform you that and please bear in mind that as you and Nicola has recently joined the KCTMO, we the residents have very bitter experiences with old administration of Lancaster west estate. Way forward we can see lots of positivity from the new administration at Latimer office and we welcome it. As you may not be aware of the fact including the KCTMO that I have attended many stakeholders meeting in the past without involving the KCTMO BUT directly with the leadership of the RBKC, who is our landlord. It's not our feeling but the fact that the leadership of KCTMO is not interested as to what is going on at Grenfell Tower and it's not their priority any more until the Grenfell Tower degenerate again. It was an opportunity given to the leadership of the KCTMO but knowingly denying to dealing with the fact and the truth as to what is going on at Grenfell Tower a quite an extraordinary.

Let me categorically confirm that to you and the leadership of the KCTMO that we wouldn't be able to attend any meeting without involving the stakeholders, the leadership of the KCTMO and cabinet member of housing Cllr Rock feilding Millen of RBKC and local councillors of Notting dale ward.

We trust and have strong believe in the leadership of our landlord the RBKC will take necessary step and for the benefit of the community of Grenfell Tower and to protect the legacy they will give serious attention to our genuine issues and concerns. We reserve the right to approach directly to our landlord based on "Truth has no agenda" to raise our serious issues and concerns in relation to Grenfell Tower as a

leaseholders' association. If they also refused to deal with it and it would be a sad saga for Grenfell Tower and instead of Legacy created by former cabinet members of housing at RBKC Cllr Coleridge and again our heartfelt thanks goes to him.

The investment of £10m regeneration project for Grenfell Tower within short period of time will become degeneration project and regret, instead of legacy if we don't act NOW and who will be responsible for that, only time will tell.

Our position is we intend to explore every avenue to protect the legacy created by Cllr Coleridge and delivered by the Leaderships of RBKC that's including Cllr Rock Feilding Mellen and Cllr Nick- Paget Brown. We may bring our genuine issues and concerns to the Housing ombudsman or the leaseholder tribunal if every avenue is exhausted.

On a separate note, our humble request to the recipients of this emails and we thank them in advance for their time and to give their serious attention to our serious issues and concerns.

We wait to hear from the leaderships of the KCTMO urgently.

Best wishes

Tunde Awoderu

Good afternoon Tunde

Thank you for your email.

Further to our telephone conversation today regarding a meeting being held to discuss matters of concerns that the Association wishes to raise, I can confirm our availability as follows:

- Friday 17 March – AM or PM
- Wednesday 22 March – AM or PM
- Thursday 23 March – AM or PM
- Friday 24 March – AM or PM

Please let me know which date and what time would be convenient for the Association to attend.

We only propose to meet with the Association at this stage as discussed on the phone and therefore will not be inviting the Head of KCTMO at this juncture.

I look forward to the confirmation of the Association's availability and could you please provide a list of the Association committee members for our reference.

Kind regards

Dear Millicent Williams,

Thank you very much for your prompt reply.

As you may know that we have raised some serious issues and concerns in relation to Grenfell Tower in our recent various emails correspondences with the Management of our Landlord as well as the managing agents the KCTMO.

I welcome your initiative to find an agreeable resolve to our serious issues concern. The meeting to be more inclusive and constructive, either you or Nicola Bartholomew can organise a meeting with Head of the KCTMO and the cabinet member of housing Mr Rock feilding Mellen at RBKC along with local stakeholders including Lancaster west resident association, Grenfell Action and Notting dale councillors.

We wait to hear from you urgently.

Best Wishes

Subject: Banging noises from an air lock or a faulty ball valve.

Dear Millicent Williams,

We are writing to you in relation to your letter dated 10 March 2017 to all residents of Grenfell Tower, as you may know that, some of us are living in Grenfell Tower for more than 35 years. The recent constant on every minute banging noise throughout the night as you suggested that possibly coming from an air lock or a faulty ball valve causing serious disturbances including sleepless night for some of the residents.

As you suggested noise occurs after flushing the toilet but we are experiencing the noises constantly throughout the night and this noise cannot possibly be from the flushing the toilet alone.

Its paramount important that the KCTMO deal with this issue immediately if not we have no option but to pass on to T-complaint procedure before we take it further as a leaseholders.

We wait to hear from you.

Best Wishes

Tunde Awoderu
