Cllr Feilding-Mellen

I tried calling your office number later this afternoon. Perhaps we can have a discussion on Monday.

I understand the planning officers are going to reach agreement on the cladding for Grenfell House, but apparently not on the fixings, which I am told won't look good. I am going to get further details.

Regards

Is Ms Scannel satisfied? If she is the great arbiter of what is a good choice, I would like to know her opinion.

And I would like to speak to you about Dukes Lodge please.

RFM.

Dear Cllr Feilding-Mellen

If the project architects have chosen well, then no doubt Ms Scannell will be satisfied. If not, we will be asking for better.

Dear Mr Bore,

I met with the TMO and architects to look at the cladding samples for Grenfell Tower the other day. I had hoped that they'd be able to bring forward the meeting tomorrow morning with Sarah Scannel to 8.45am, so that I could join them on site and hear her thoughts before getting to my Policy Board meetings, but sadly she is unable to get to site before 9.30am.

As you know, this project is already behind schedule and it is important that we finalise the choice of materials ASAP. I think there are a couple of samples that will be more than adequate, and I think it's important that Planning are constructive in helping the TMO get to the right choice, so I hope Ms Scannel will assist in that process.

The TMO will be updating me on their meeting tomorrow, and I hope that we'll then be able to move forward.

Kind regards,

RFM.

Dear Cllr Feilding-Mellen

We have tried to pull forward tomorrow's meeting on site with Sarah Scannell (Senior Planning Officer) to 8.45am. However, she says she cannot meet until 9.30am.

I am sorry we have not been able to arrange the meeting as you requested. I suggest we go ahead and meet with the Planners at 9.30am and we will give you feedback. We can then arrange a further meeting with the planners if you think it would help move matters forwards.

We are still working on the cost options for the various type of fitting. I will forward you this in the next day or so.

Please let me know if you need any further information at this time.

Regards

Peter
