Dear Mrs Baillie

I have just seen the dreadful news about Grenfell tower. Is there anything we should be doing, for example do we have any customers there who need our immediate help in some form? or are there any staff that we could offer to redeploy to assist? All of this must be covered by the council's emergency plans but it just looks awful and anything we can do to help we must do. Please keep me posted and let me know if I can come in and do anything practical.

Regards

MW
