**Subject:** Grenfell Tower Regeneration - Accessibility Appraisal  
**Attachments:** 1279-SK060 Accesible living flat\_Rev00.pdf.pdf

Dear Claire,

Further to your email last week please see attached a feasibility study for a wheelchair accessible unit to be created as part of the refurbishment of Grenfell Tower.

- Although we are proposing two floors of residential units the Planners have today informed us that they will only accept 1 or 2 bed units on the mezzanine level because of the reduced ceiling heights. The attached 3-bed option would therefore apply to the Walkway +1 level only. Would you be interested in a two-bed wheelchair accessible unit?
- We haven't checked the internal lift dimensions, but having used them I think they will comply.
- Access to the refuse chute is too tight for wheelchair access. The only solution we could think of to this was dedicated refuse collection from the flat. I'm not sure if there is any precedent or willingness to do this.
- There is no covered disabled parking close to the main entrance, and we are unlikely to be able to create any.

Regards

**Bruce Sounes**
