I am writing today as Chair of the Grenfell Tower Compact (residents association), and because of how positive you were towards residents at the January meeting of the Housing & Property Scrutiny Committee. You occurred sensitive to the alternative view presented by residents, and aware that some independent review would be required to get to the 'truth' of how the Grenfell Tower Improvement works were carried out.

You may be aware that Cllr Blakeman supported us to draft the “Grenfell Pathway”, recommendations for the Council and any community in the Royal Borough undergoing significant redevelopment in the coming months and years. These are attached to this email.
