**Subject:** Preparation for tomorrows inspection @ Grenfell Tower

Hi John

In preparation for your visit to Grenfell Tower tomorrow morning, please could you answer the following queries:

1. You were going to check lock specification and whether the slight slope was acceptable to the nursery fire exit?
2. I've sent you the electrical certificates & lightning protection certification – What other certification do you require?

Also, during our last walk around, you mentioned it was possible to issue a letter of comfort prior to all the works being complete ( flat 6 is not due to be finished for about another 3 weeks).

We would appreciate this letter as we are doing a partial handover with the client this Friday they have requested a form of building control sign off.

Please feel free to contact me to discuss these queries

If not, I look forward to seeing you tomorrow morning

Kind regards

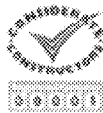

Dave
