Importance: High

Dear Ms. Wray

Please see the attached photograph. I am afraid short term, sticking plaster solutions like this to serious problems do not work.

Given the concerns expressed by the Fire Brigade following the fire at Adair Tower, can we please ensure that the new floor numbering at Grenfell Tower is done properly, clearly and permanently at every floor; not in this temporary manner?

I am keeping this complaint at Stage One for the moment but in view of the seriousness of this matter may have to refer it to Stage Two if there is no swift and satisfactory response.

Many thanks.

Cllr Judith Blakeman
